

## PROFESSIONAL ACTIVATION CENTRES | **Roadmap & Toolkit**

### QUICK MENU

#### **Digital Skills**

- **Europass Test for Digital Skills**

At the link below, participants will be tested on five key areas: finding and understanding digital content, communicating and collaborating online, creating digital content, staying safe online, and solving technical problems. Europass is a European initiative that offers a range of free, multilingual digital tools and resources to support citizens' preparedness for the job market.

- **Digital Skills & Jobs Platform “Test your digital skills”**

The Digital Skills and Jobs Platform serves as the hub for digital skills and job initiatives in Europe. Through the provided link, participants can test their digital skills and access tailored training opportunities. The "Test your digital skills" tool helps assess current competencies based on the European Digital Competence Framework.
